

Customized DOT Hydrotest Labels

Labels are produced monthly. All orders received by the 30th of each month will be shipped by the 15th of the next month

Labels typically ship 2 weeks from the the due date (see right). If you have any questions, please contact NAFED at (312) 461-9600.

This label meets DOT requirements for hydrostatic retest of DOT cylinders used as fire extinguishers. It measures approximately 1-1/2 in. wide x 1 in. tall. It includes a space to write the month and year of retest. It has a self-adhesive Mylar overlay cover that protects the entire surface and provides long-lasting readability. For an added layer of security, they are self-destructive. **NOTE: this label does not meet size requirements mandated by NFPA 10.** Using NAFED's Combination Label or Hydrotest Label will bring you into compliance with NFPA 10 requirements. Visit www.nafed.org/products to download order forms for these labels, or call (312) 461-9600 to have them faxed to you.

(LABEL / PRINTING INFO)

NAFED member company? yes no

- 1) Check one:
- A) New order—I've never ordered DOT Hydrotest Labels from NAFED before. **(plate charge incurred)**
 - B) I've ordered DOT Hydrotest Labels from NAFED before, but I need to make a change(s) on them. **(plate charge incurred)**
 - C) I've ordered DOT Hydrotest Labels from NAFED before, and I want them to be exactly the same as last time.

2) Special Instructions _____

②

Example: label lists RIN requalification identification number "A123."

(picture not accurate for size)

Peel the back off the bottom half of the self-adhesive Mylar overlay to cover the part of the label on which you've written in the month and year.

Please fill in your RIN here:
